Methodist Workers of Wesleyan Mission
Forced to Refuge in Ship—Quarters
Burned—Converts in Danger

PEKING, April 15.—Riots have broken out at Changsa, following a demonstration against the missionaries at the Wesleyan Inland Mission. The governor's yan, where missionaries sought refuge last night, was burned. The missionaries then took refuge in a merchant ship. The mob forced the abandonment of the British consulate and customs

house. Four British gunboats are rushing up the Siang Kiang river to quell the disturbance. The missionaries whose lives were sought by the Chinese are Revs. Robert Warren, W. H. Watson, Comper, and Mrs. Comper. All are Methodists. The Mission had seven hundred converts. These are believed to be in danger.

WOMEN GAVE VOTE OF THANKS TO TAFT

Resolution of Gratitude Made
No Mention of the Hiss-
ing Episode

WASHINGTON, April 15.—Amid cheers and applause the National Woman's Suffrage association today adopted a resolution thanking President Taft for the speech he delivered before the delegates last night. The resolution did not refer to the hisses which greeted the president's remarks. It is declared that it is the suffragists' intention to make themselves felt in politics.

PRESIDENT HISSED

BY SUFFRAGISTS
WASHINGTON, April 15.—President Taft had the unpleasant experience of being hissed last night when, the first chief executive to ever address a convention of suffragists, he said he was not altogether in sympathy with the movement as there was danger in granting suffrage to women who as a whole were not interested in it. He said the feminine ballot would be controlled "by the less desirable class."

After the remarks had been greeted with hisses, the president said smilingly:

"Now, my dear ladies, you must show yourselves to be capable of suffrage by exercising that degree of restraint which is necessary to conduct government affairs by not hissing."

Order was restored by the chairman who rapped loudly. The president continued his address, and at its conclusion assured the leaders his feelings were unhurt.

Attended Trial to Watch Judge and Lawyers in Action

Yesterday, as a lesson in civics, the eighth grades of the grammar schools and the history and civics government class of the high school senior class attended the morning session of the trial of S. H. Overacker for murder.

The senior class in United States history and civics was dismissed from all regular recitations in the morning. Prof. Sanders attended with the class. The teacher thought it well to have the class observe just how a trial is carried on.

Several of the teachers from the grammar schools were present. Just at present the eighth grade in its civics classes is studying "The Duties

AEROPLANE FELL IN WATERS OF LAKE

Engineers Escaped—Another
Air Craft Proves Danger-
ous to Aeronaut

PLAU, Germany, April 15.—Major Von Parseval's new aeroplane, the largest yet constructed, was caught in a violent wind while flying over Lake Plau yesterday and, turning turtle, fell into the water.

Engineers Blockmann and Hoff escaped uninjured. They dropped with the machine, but succeeded in freeing themselves from the wreckage, and were picked up by a passing craft.

Parseval's invention is a monoplane with a four-cylinder motor of 120 horse power. It carries 170 pounds of petroleum, and was expected to remain in the air three hours.

BERLIN, April 15.—Aeronaut Lorenz became entangled in the guide ropes of the military dirigible balloon, M-4, as it was leaving the field, where he clung for a moment and then fell. He was probably fatally injured.

OLD LEGAL QUARREL IS RENEWED BY LAW SUIT

SAN FRANCISCO, April 15.—The Pacific Improvement company of this city has sued the estate of Collis P. Huntington in New York for \$500,000 of the stock of the Maricopa and Phoenix railroad, a Southern Pacific branch line in Arizona.

This is the legal revival of an old quarrel. A suit of this kind so long after the death of C. P. Huntington—almost ten years—has surprised and angered Mrs. C. P. Huntington and Henry E. Huntington. The legal contention of the Pacific Improvement Company is that C. P. Huntington gave the \$500,000 worth of stock to the Southern Pacific Company when he had no right to do so. It was in the possession of the Pacific Improvement Company some years ago when the latter and Southern Pacific interests were made separate.

RAINEY DENOUNCED AMERICAN SUGAR RE- FINING COMPANY

WASHINGTON, April 15.—Rainey of Illinois scathingly denounced the American Sugar Refining Company in the house yesterday. He made the following charges:

That President Taft was "nominated and elected by the Sugar Trust."
That Henry W. Taft, brother of the president, was a sugar trust attorney as was also George W. Wickersham prior to becoming attorney general.

That the Sugar Trust saved \$125,000,000 by settling for \$2,000,000, the customs fraud.

That officials of the trust, "despite their stealings of millions," still go about in private yachts.

That the men who "contributed millions to the campaign fund are permitted to now reimburse themselves by stealing from the treasury."

That the trust contributed from \$10,000,000 to \$20,000,000 to the Republican campaign funds in 1896.

That the trust controls Cuba and Cuban politics.

That Representative Herbert Parsons (rep. N. Y.) is a sugar trust attorney.

The attorneys for the defense and prosecution are preparing a list of challenges. The prosecution is allowed fifteen and the defense twenty.

KANSAS CITY, April 15.—It is expected that the challenges in the trial of Dr. Hyde for the alleged murder of Col. Swope, will be exhausted today and that opening arguments will be heard tomorrow.

RABIES TEST SHOWS DOG WAS MAD

Muzzling Ordinance to be En-
forced Commencing at
12 Tomorrow

A dog killed last Wednesday by City Marshal Edwards had the rabies. That fact has been proven beyond doubt by the tests of the brain made by the city bacteriologist of Los Angeles. That dog had bitten several other dogs in this city, and is known to have been at large for two days before he was killed.

ANIMAL KILLED HERE TWO DAYS

To Insure Safety, Officers Take
Quick Action to Use
the Law

The city officials have decided to enforce the muzzling ordinance, and 12 o'clock tomorrow is the hour set after which dogs will be shot as fast as they are found off the premises of their owners.

The officers believe drastic measures should be used, and for that reason the ordinance will be strictly enforced.

The animal that was killed Wednesday bit a number of dogs. Two dogs belonging to Mr. Snodgrass and Mr. Densmore of Garnsey street have been killed. M. Nisson and Miss Rensberg on North Main have tied their dogs up. Both the dogs are known to have been bitten, and they will be carefully watched.

The dog ran from people. Even the approach of a child caused him to take to flight, but he rushed and fought any dog that he saw. He was a white dog of no particular breed. He had a collar and bore a Fullerton license number 111. City Marshal Edwards has asked the city marshal at Fullerton to look the number up and see if any information concerning the dog can be gained at Fullerton.

Word was sent to Marshal Edwards from the Santa Ana Foundry that the dog acted queerly. The marshal set out after the animal and found him at the corner of Third and Parton streets in the grass apparently exhausted. The dog was shot, and City Health Officer J. I. Clark sent the head to Dr. Stanley P. Black, who has a laboratory in Los Angeles especially fitted for investigations for rabies and who is considered the most experienced man in Southern California in that work.

Yesterday evening Dr. Clark received word that the examination of the brain showed one of the most marked cases of rabies that had come under Dr. Black's notice.

It is believed that quick action is necessary, and for that reason 12 o'clock tomorrow is the date set for the enforcement of the ordinance. The time is short, and doubtless wire muzzles will be hard to get until a supply can be secured. In the meantime there is nothing left for the owners to do but to tie their dogs up until they can be properly muzzled. The ordinance is very plain, and no one need be mistaken as to its terms. Owners who let their dogs go abroad can be prosecuted for misdemeanor and fined. In part the ordinance says:

"Ordinance No. 490. An ordinance to muzzle dogs running at large, to prevent hydrophobia, and ordering the marshal or policeman to kill dogs running at large without muzzles."

"That for the purpose of preventing hydrophobia, all dogs in the city of Santa Ana shall wear wire muzzles over the mouth of the dog, so placed over the mouth of the dog so as to prevent the dog from biting any person or animal. Said muzzle shall be provided by the owner of the dog, and in case any dog or dogs shall be found off the premises of the owner of the dog or dogs within said city, without a wire muzzle over the mouth of the dog, such that will prevent the dog from biting any person or animal, it shall be the duty of the marshal or policeman to kill said dog at once and have the same removed from the place of killing and thereafter buried or burned at the expense of the city."

County Physician Ball will go to Newport Heights this evening to investigate a case believed to be one of rabies. A dog belonging to Mrs. Ellis was running wild there, and had bitten several other dogs.

ORANGE PRICES SOME BETTER

Large Sizes Noticeable This Season—High Prices Not Probable

A slight improvement has been noted in the orange market during the past week but high prices for this season are not probable under the existing conditions.

Nearly all packers will be seriously handicapped with large sizes. Most boxes run 126s and larger. At least a great number of cars, if packed orchard run of sizes, would grade out fifty per cent 126s and larger, and many cars even larger than that. The last two weeks have made a decided change as to sizes, as matured fruit has been growing exceptionally fast.

Berries are beginning to arrive in large enough quantities to have an effect on the orange trade. There seems to be but little f. o. b. demand for oranges at the present time, and prices depend altogether on sizes.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the treatment of all classes of diseases—those requiring weakening, purgatives and frequent use of medicine. It is a powerful, yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

JOHNSON GOT TAFT'S THROW

Big Olinda Boy Pitched Wonderful Ball for Washington Yesterday

Walter Johnson, the Orange county baseball wonder, played ball with President Taft at Washington yesterday. Johnson pitched the game for Washington against Philadelphia, and won. The score was:

Washington 3; hits, 13; errors, 1. Philadelphia 0; hits, 1; errors, 0.

President Taft threw the first ball of the game. He sent it from his seat to Walter Johnson, the Olinda lad who is pitching for Washington. The dispatches say it was a wild throw, but Johnson stuck out his long arm and got it before it hit the ground.

Johnson pitched a great game and was enthusiastically applauded by the big crowd of spectators among whom were President and Mrs. Taft and Vice-President Sherman.

BIRTHDAY SURPRISE PARTY GIVEN BY COMRADE'S FRIENDS

GARDEN GROVE, April 15.—On Thursday, April 14th, the ladies of Sedgwick W. R. C. No. 17 of Santa Ana, and others visited Garden Grove for the purpose of giving a birthday surprise party at the home of Mr. and Mrs. George Rolfe to Mr. Anson Stevens, a brother of Mrs. Rolfe, and a G. A. R. veteran. So carefully was the secret guarded that Mr. Stevens was unaware of any demonstration in his behalf until the arrival of the guests whose happy congratulations and remembrances in the shape of a number of appropriate gifts were a most pleasant surprise. The Rolfe home had been transformed into a veritable floral bower under the deft hands of Mrs. Geneva Reeks, and the snowy tables fairly groaned under the load of delicate edibles brought by the ladies. Among the beautiful gifts was a gold badge pin, the emblem of the G. A. R. given by Mrs. Rolfe. After the guests were all seated at the tables Mrs. Rolfe introduced her sister, Mrs. Julia Garrison, who read the following tribute to her brother:

Four score years have come and gone
Since the breaking of the dawn,
In the distant New York state
Of the day we celebrate.

There our brother opened his eyes
On this world in mild surprise,
And began his journey through
Scenes unknown and places new.

In those days no mystic wire,
Touched with heaven's hidden fire,
Flashed the news of death or birth,
To each quarter of the earth.

Then no iron horse of flame
Dashed with speed across the plain;
And our sunny, golden land
Seemed some fabled, storied strand.

Then no horseless carriage ran
At the guidance of a man;
And no airship flew through space
In a trial trip or race.

Then the street car and the phone
Were among the things unknown;
Then no gas nor electric light
Drove away the shades of night.

Then the lamp of kerosene
Had not even yet been seen;
To make candles wicks were "dipped"
In hot tallow and then dripped.

Oxen drew the plow and cart,
Through the fields and village mart;
Horses were too high priced then
For the use of laboring men.

In those days the spinning wheel,
With the bobbin and the reel,
Occupied the living room
Of each thrifty, well-kept home.

And the mother's place was there,
And the grandma's rocking chair;
While the father's honored seat,
Spoke of rest and comfort sweet.

Children then were sent to school
To a master whose stern rule
No one dared to disobey,
In the schoolroom or at play.

Parents then were not so mild;
"Spare the rod and spoil the child,"
Was a precept well observed,
When no moral suasion served.

Eighty years! How things will change
And take on a broader range,
As the eager mind of man,
Greater things attempt to scan.

Then the things least understood
Now are found the greatest good.

Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

COMMONERS WERE ON VERGE OF FIGHT

Asquith's Threatened Cabinet Resignation if Lords Retain Veto Power

LONDON, April 14.—Violent excitement marked the closing scene in the densely packed House of Commons last night when Prime Minister Asquith announced what the government proposes to do if the House of Lords rejects his resolution restricting its power to veto legislation.

On Mr. Asquith's declaring that the cabinet would immediately resign if King Edward should refuse to exercise the royal prerogative, there were salvos of cheers and counter cheers, the ministerialists rising in their places, waving hats and papers in the air and yelling themselves hoarse.

The felling between Liberals and Tories was positively ferocious. As the members rose to leave the thronged House such a collision seemed imminent as occurred in 1886 on the second reading of Gladstone's first home rule bill, when members fought with fists and canes so savagely that some had to be sent to the hospital.

U. C. HOLDERMAN IS OUT FOR SUPERVISOR

U. C. Holderman of Tustin has announced himself as a candidate for the Republican nomination for supervisor for the fifth district. He feels that he knows the needs of his district, and that his experience should commend him to the voters of his party. For eight years he was road overseer for the Tustin district, and for four years he was a member of the Board of Supervisors, he being G. W. Angle's predecessor in office.

Mr. Holderman is a substantial farmer. He has lived at Tustin for the last eighteen years.

LOOKS LIKE FOLLY

That some of the justices of the United States Supreme court are in favor of the contentions of the Standard Oil Company and the tobacco trust is evidenced by the fact that since the death of Justice Brewer the court has not been able to render a judgment and has ordered these cases re-argued. One member of the court had not heard the arguments formerly made, and the case is to be gone over again for his benefit!

This looks like folly. There is the record of the cases and the briefs and written arguments of the attorneys for the respective parties. Any judge of the court who is lawyer enough to deserve a seat on the bench can form his opinion from the records as well as by listening to further parley. The people will get out of patience some day with these unnecessary delays of justice and call for reform in our courts of last resort.

These cases will probably go over for a year longer before the country knows where it stands with respect to these prosecutions. But the high price of living will not go over nor wait for the decision. It will continue to advance systematically just as though we had no laws nor courts.

WOMAN'S SUFFRAGE

To one who reads the history of the woman's suffrage agitation with a comprehending mind, there is bound to come the conviction that sooner or later the cause will triumph. Woman's suffrage has already fought its way to triumph in many places at home and abroad. It was a long time before the voters would even take the proposition seriously, but it has now passed that stage and is finding support among men of position and influence.

This, however, is not the feature that appeals with such force to the judgment. Many propositions have been backed by well-organized parties headed by men of great ability, and still have failed and will doubtless continue to fail. The free and unlimited coinage of silver at the ratio of sixteen to one is an instance. But that idea has never had the moral backing that is accorded to the woman's suffrage propaganda. Free silver, aside from being weak under analysis, had no martyrs. No one came forward to sacrifice himself on its altars. In other words, it lacked the moral force that was the back bone of the anti-slavery agitation, or the anti-saloon crusade, or the woman's suffrage campaign. The first of these has already triumphed and the other two will likewise succeed, and for the same general reason.

It is the same principle that enabled the early church to tear down ancient kingdoms and build up a new civilization on the ruins. Hunted like wild beasts and slain by the thousands, still the early church prospered and grew with amazing rapidity, for the "blood of the martyrs was the seed of the church."

Although in a less degree, the imprisonment of women is aiding the cause they espouse. The point is contained in the spirit of self-sacrifice that is behind the movement. Conscious of punishment to follow, still the women enthusiastically override every precedent and boldly push themselves up against the wall that has been raised against them.

It was a pathetic idea that was conveyed in a recent dispatch from England. The government had decided that suffragette prisoners were to be treated with humanity hereafter, and that no attempts should be made to force food down their throats when they attempted to starve as a protest against arrest. The decision was regarded as a great victory for the suffragists, and they rejoiced over it. They are now accorded the privilege of starving for the right as they see it! Think of it! Can even a cause of doubtful expediency fail with such backing?

The Political Watchtower

Tomorrow afternoon the Democrats of the county are to hold another conference in regard to getting out a county ticket. Two weeks ago the conference passed resolutions urging Ed. Tedford to run for county auditor, J. S. Rice for assemblyman, B. F. Beswick for school superintendent and Dr. H. E. W. Barnes for coroner and public administrator. Beswick and Barnes have announced their intentions to run. Tedford and Rice are still undecided, but the Democrats are certain they will give favorable answers tomorrow.

There are mighty few offices for which the Democrats have found a multiplicity of candidates. Over at

Orange two Democrats, James Fullerton and J. A. Pfeiffer, are asking to be nominated for justice of the peace. Word comes that there are three Democrats who want to be supervisors from the Second district. Sterling Price, R. D. Draper and Frank Carlyle. It was said today that Carlyle will not run.

The Santa Ana Bulletin (Democrat), says of tomorrow's conference: "Tomorrow (Saturday) afternoon at 2 o'clock, an adjourned conference of Orange county Democrats will meet at the Santa Ana city hall. At this meeting the committee appointed to interview the men already suggested for candidates, and also look for available material for other offices, will make a report, and will probably have a number of names to suggest for supervisors and town-

ship officers. There are several county offices for which no Democrat has been mentioned as yet, and it is the opinion of the party leaders that it would be unwise to make any effort on some of these, though of course, should any Democrat ask the nomination to a 'forlorn hope,' he could get it. This matter will probably be discussed by the conference. It is very important that there be a large attendance at this conference, and every Democrat in the county is urged to be present."

Huntington Beach News: In announcing, this week, the candidacy of W. M. Scott, the present county assessor, for re-nomination to that office by the Republican primary, much can be said in his favor. That he has conscientiously performed the duties of his office is admitted. That the labor incumbent upon him has been arduous and his remuneration small has in no wise deterred him from giving to the assessorship his entire time and energy. The office is not an easy one to fill. To be perfectly fair, from the assessor's point of view, is all that can reasonably be required, and that Mr. Scott has made good in that respect is hardly to be gainsaid. He has endeavored to assess the owners of large holdings just as those of small possessions have been assessed—to give every property owner a "square deal." As a citizen of Orange county for the past twenty-five years, Mr. Scott is widely known to its people and his friends are many.

Huntington Beach News: To be known as a popular man is not always a test of worth, but in announcing the candidacy of John C. Lamb for the Republican nomination for the office of tax collector of this county we are naming not only a popular candidate, but one who has demonstrated, by his incumbency thereof, his entire fitness for the position. Of unusual ability, of unimpeachable character, with a strong sense of his official responsibility, Mr. Lamb's willingness to accept again the office of tax collector will, we believe, be regarded by the Republican voters of Orange county and by voters of other parties in the event of his nomination, as an opportunity for choosing a capable, trust worthy, and in every way desirable public servant.

Orange Post: Frank S. Trickey of Santa Ana, is a candidate for county auditor, subject to the decision of the Republican voters at the primaries. Mr. Trickey has been a resident of Santa Ana for ten years, his father being a leading grocer of that city. He has had a thorough training as an accountant, making an exceptionally fine record as a student and having had twelve years' experience as a bookkeeper. His standing among the business men and other citizens of Santa Ana and Orange county is excellent and he has many friends who wish him success in his clean and vigorous campaign.

Ames-Wents

The large number of friends of Attorney Homer G. Ames are mailing him congratulations on having secured a bride in the city of Anaheim, where he was married yesterday to Harriet D. Wents of that place. The marriage took place at the home of the bride. It is said that Mr. Ames and his wife met about two years ago while on a visit to the East.

Mrs. Ames is a daughter of Mr. and Mrs. John Wents of Anaheim. The wedding was a quiet one, only the immediate families and relatives of the principals being present. The officiating clergyman was Rev. J. A. Stevenson. Mrs. Stevenson was a guest at the wedding. Following the marriage ceremony light refreshments were served before the departure of the bride and groom for parts unknown.

The bridegroom is the son of Mr. and Mrs. A. W. Ames of this city, and is widely and favorably known. Some months ago he entered into a law partnership with former Assemblyman Richard Melrose of Anaheim and took up his residence there. Best wishes from Mr. Ames's former home are extended to him and his bride.

The members present, besides the hostess were Mesdames Beswick, Magill, Eaton, Finley, Hossler, Patton, Roy Bishop, Kroll, Newcomer.

The next meeting of the club will be held with Mrs. Kroll.

Repudiates Bohemian Club

The action of Homer G. Ames in deserting the Bohemian Club stands out as a striking example of man's perfidy. Ames was one of the promoters of the organization, and one of its most enthusiastic supporters. But he repudiated the principles he had sworn to cherish, and evidently glories in his crime. As an evidence of his cold-blooded, premeditated treachery, he sent, as a defy, the following telegram to the secretary of the club:

"J. C. Burke, Sec. Bohemian Club: 'Was married at 3 o'clock today. Bohemian Club is a failure. My stock for sale cheap.'

"HOMER AMES."

Thus has one of the most trusted and valued members of the Bohemian Club dealt a death blow to its most sacred interests.

But as evidence of the charity with which the Bohemian Club is disposed to regard the course of its erring brother, a member of the club informed the Register today that, so far as he knew, no action would be taken against Ames, and to show that no resentment will be cherished, he desired to extend the congratulations and best wishes of those who have remained true to the cause, to Ames and the innocent cause of his backsliding.

Entertained the Shirt Waist Club

Mrs. E. R. Majors was the charming hostess of the club yesterday afternoon, at her home on Walnut street. The house decorations were very pretty, consisting of pink and red roses. The afternoon was spent most enjoyably with fancy work and social conversation. Later Mrs. Majors, assisted by Mrs. Jack Wade, served a four course luncheon, the colors, pink and green, being carried

out in the refreshments.

The members of the club present were Mesdames Joe Witt, Robt. Dubois, Jack Wade, Chas. Johnson, Avrea Hall, H. Witt, Fred Chapman; Misses Clara and Anna Witt and Bess Trumpey.

Mrs. Neil Brock, Mrs. Walter Congdon and Mrs. Young were guests of the club.

Baptist Anniversaries

Thursday afternoon a reception was tendered the aged members of the church and congregation. The room was tastefully decorated in roses, Cecil Bruners being used. Each guest was presented with a bouquet of the pretty little blossoms.

Mrs. Mit Phillips sang "Silver Threads Among the Gold," "Last Rose of Summer" and "The Old Oak- en Bucket." Grace Parker gave two readings. Miss Lucie V. Boyd closed the program with a melody of Scotch Airs.

Dainty refreshments of sandwiches, olives, cake, tea and coffee were served. Before departing the company all joined in the singing of "Home, Sweet Home."

At 6 o'clock a delicious supper was served to the young men of the church. Piles of red roses were used in trimming the tables. After dinner speeches were made by Merle Ramsey, Harry Mills, Leslie Pearson, Charles Deever, Walter Reeves and Harry Hossler. A. R. Marshall acted as toastmaster.

Souvenirs of the happy occasion were cards bearing gilt wish bones. At 7:30 occurred the annual roll call of the church membership. Those present responded to their names with favorite scripture texts, songs or remarks. Messages and greetings

The Clover Club

Mrs. O. M. Newman entertained the Clover Club at her home, 1210 North Main street, Thursday afternoon. An exceptionally pleasant afternoon was spent socially and in embroidery, while Miss Minnie Smith and Mrs. E. L. Eckley gave some interesting readings and recitations. The parlor was very tastefully decorated in cream roses, while in the dining room, where the lunch was served, the decorations were pink rose buds and ferns, a large bowl of the buds being used as a centerpiece for the table.

Covers were laid for twelve, and a most delicious luncheon enjoyed. Mrs. Stearns of Justin, and Mrs. Keller of Orange, were guests of the club.

Interesting Afternoon

An unusually interesting meeting was held Wednesday afternoon in the Baraca class room of the First Congregational church, with Mrs. Beales in charge of the program. The devotionals were conducted by Miss Kerl, and the subjects for study were Mexico from the time of the Toltecs to now, by Mrs. Petersen; Missions in Mexico, Mrs. W. B. Tedford; The History of Mexico and Central America Mrs. Peek; the West Indies, Miss O'Brien.

The study hour included the showing of the principal buildings, Federal buildings, places of interest and the customs of the people of Mexico by means of fine views. Mrs. Beales explained the pictures. A social time followed with delicious refreshments served by Misses Crawford and DeLong.

BURIED AT ONTARIO

GARDEN GROVE, April 14.—Franklin Dwight Reed was buried at Ontario yesterday. The funeral was held here on Tuesday.

Mr. Reed came to Garden Grove in 1895. He later moved to Fullerton, then here, and then to Orange, where he died. He was the principal organizer of the Farmers' Mutual Insurance Co. Two years ago he was the Prohibition candidate for assemblyman.

LEFT HAND DRIVE CARS THE COMING NECESSITY

"Judging by the deluge of enthusiastic letters which we are constantly receiving from doctors, real estate men, collectors and hundreds of other professional and business men, commending us on the new left hand drive, we are more and more convinced that within a year or two it will be the exception and not the rule to see a high grade and popular car equipped with the right hand control," says A. B. Hendrickson, the local distributor of the popular line of Reo automobiles. "Among the Reo selling organization comprising no less than two thousand and skilled motorists, the first man who would go back to the old right hand control has yet to be found. The unanimous opinion seems to be that the left hand drive is the proper control whether a man drives his car himself or employs a chauffeur or whether the car was bought for business or for pleasure.

"By steering with the right hand and leaving the left hand free at all times to shift the levers or the emergency brakes, it is plain that confusion is reduced to a minimum while comfort, safety, economy and efficiency are as surely brought to a maximum. Within a year very likely there will be local ordinances adopted in every city in this country similar to those which now obtain in many small cities (including Santa Ana) and in all of our larger cities. These compel all vehicles to be so placed and headed on public thoroughfares that the right side of the vehicle is next to the curb. These ordinances are not always strictly enforced, but in case of an accident, due to a violation of this law, the one so violating it would be held at fault. When that time comes I doubt very much if many more cars will be built with the right hand drive. There will be so strong a demand then for the left hand drive that it will be like trying to stop the tide with a pitchfork if a maker of motor cars then argues in favor of the old right hand control. We are therefore content with leaving the matter wholly with our 1910 patrons who are unanimously in favor of the new, safer, more convenient and more practical left hand control."

Santa Ana Has to Bow to the
Inevitable—Scores of Citizens Prove It

—After reading the public statement of this representative citizen of Santa Ana given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

I. W. Parsons, 402 West Fourth St., Santa Ana, Cal., says: "Several years have passed since I first publicly recommended Doan's Kidney Pills and still I claim that they are the best kidney medicine on the market. I have used them off and on as occasion has required and have never failed to get the desired relief. Some time ago the secretions from my kidneys became too frequent in passage and I commenced taking Doan's Kidney Pills. I have just finished the contents of one box and the result of their use is that my kidneys are doing their work properly. After I first used Doan's Kidney Pills, I publicly recommended them and gave them all the credit for the relief I had received from rheumatism and various disagreeable symptoms of kidney trouble. At this time I am pleased to recommend Doan's Kidney Pills again and say that if they are given a fair trial, they are sure to bring the desired relief."

LOS ANGELES PRODUCE MARKET

Cherries, the first of the year, appeared on the market yesterday morning. A single box, shipped from Courtland, in the central part of the cherry belt, sold for 5.00 to one of the large hotels. There were just five fine large cherries packed in cotton in the box and the price paid for them is the highest ever recorded in this city.

The raspberry season is also on. Every morning this week several crates have been coming in and have been selling at 20 to 25 cents a basket. The quotation yesterday morning was 20 cents and the berries moved well. Strawberries were also in very good demand and refrigerator shipments to San Francisco and to various points in Arizona, Nevada and other parts of this state were numerous. The price on the berries is averaging 5 cents a basket on anything like good stock. A few berries are selling as low as 1.00 a crate, but there is something the matter with them.

Egg receipts were 627 cases. The market was weak and prices are breaking. Dealers were offering farmers 24½ cents a dozen in the morning and case-count sold at 24½ cents on the open market. Eastern fresh brought 24 cents among the jobbers.

Butter arrivals were heavy—56,538 pounds. The market is still tight as a drum and California firsts were sold at 1½ cent over the quotations. Creamery extras were not obtainable at the quoted figures, despite the big receipts. Cooking butter brought 22½ cents.

Cheese arrivals were 8116 pounds. The market was rather slow. There were no changes in prices on any varieties and good offerings were not taken up.

Receipts of potatoes were 2083 sacks. There was a good call, but prices continued weak and without much chance to change. The market on Bermudas continued very weak and the average quotation was 1.50 per crate. The quotations on Bermudas are always made by the crate and not by the hundred pounds, as some dealers seem to think. Arrivals of onions were 429 sacks.

There were no changes in beans and the market on the commodity was very inactive. Receipts were very small. Sweet potatoes were in small call.

There were no changes in vegetables and the market was rather quiet on most varieties. Peas showed a little better feeling, selling as high as 5 cents on very choice stock. Celery is very firm.

The price of linseed oil has advanced 7 cents this week. The announcement of a 4 cent advance was made yesterday morning, after one of 3 cents had been made on the day previous. Raw linseed in barrels is now quoted at 99 cents and boiled at 1.01, the highest quotations ever recorded with just one exception.

Five other witnesses were examined. Louis F. Van Winkle, J. W. Martin and Henry A. Williams stated that from their experiences with Overacker they believed him insane. Tom Williams testified in that line also. Rex Rogers testified that the reputation of G. A. Winn for peace and quiet was bad.

WINDOW SMASHER IS IN JAIL AGAIN

ORANGE, April 15.—John Cozad broke into jail again last night. He did it in the same old way, by throwing a rock through a window.

Last night Cozad walked along the street until he reached a point in front of the Bank of Orange. He said he was hungry and wanted to go to jail. This morning Justice Pfeiffer gave Cozad ninety days in the county jail.

Cozad has been in jail a number of times. In 1896 he accomplished a six months sentence. About a year ago he threw a rock through the window of Allen's Feed Store at Santa Ana.

On his arrival at the jail this morning, he was sent out with the gang cleaning streets.

BLACKFACE ARTISTS BEFORE FOOTLIGHTS

GARDEN GROVE, April 15.—The Coonville Minstrel in the Woodman Hall at Garden Grove last night was a success, every bit of available space being taken. Florence Cozad as "Rosey" was the star. Mrs. White as "Dina Dewdrop" made a hit in singing "Night Time Is the Time to Spoon." Helen Davis as "Liza Brown" made a comical little coon in pigtail. Arthur Cozad as "Gambo" made a good comedian. Alfred Meering as "Interlocutor," and Linn McDonald as "bones," were a great success. Mr. White was Rastus Washington, and Mr. Lours, James Jefferson. They made a hit with their clog dancing. Maud Bells as "Snowball," Dell Davis as "Topsy," and Gladys McDonald as Black Patti made typical colored ladies of fashion, while Rex McDonald, who was Jasper Johnson showed his ability as a rag time musician. A. L. Davis as "Rufus Brown," in step dancing to comic sound showed past experience and was well received. Walter Elliott as "Sambo" made a typical messenger boy. Will Edwards and Mr. McElree in music were greatly applauded. This musical being such a success it will be given again Saturday night, April 16.

Let us prove to you that when we say "Best" we mean BEST

It is one thing to talk quality and quite another, sometimes, to give quality. Our regular patrons know that we do both. We believe that the steady growth of our business is due to the fact that people have found that DEAN always does just as he says.

We want to interest you in our home drugs—the every day needed little things in drugs which we sell—and sell best. We want you to know the Dean quality. We are willing that you shall do this at our expense. We have put up what we call a Household Necessity Package containing Borax, Epsom Salts, Boric Acid, Alum, Sulphur, Copperas, Moth Balls, Insect Powder, Prepared Chalk which we will give you free on Saturday, April 16th if you purchase goods to the amount of 50 cents or more.

Remember then one "Household Necessity Package" free with each purchase of goods to the amount of 50 cents or over. These packages will prove to you that when we say "best" we mean "best" and yet they are out of our regular stock which we sell every day.
